

# Wanderer Warranty Policy

## **Transferable 3-Year Limited Warranty:**

All products sold by Wanderer come with a Transferable 3-Year Limited Warranty that is detailed in the product's specific owner's manual. This limited warranty protects you against defects in workmanship. The warranty does not cover any consequential or inconsequential damage or any losses. Specifically, if you have a problem due to a defect, you must make the arrangements and cover the costs to return the product to us with a copy of the original sales invoice and we will repair the product and return it to you at our cost. All warranty claims require a return authorization.

If you buy the product and decide to sell it, the warranty can be transferred to the buyer, providing continuous warranty support and added value. This Transferable Warranty follows the same procedures and limitations outlined above. This means that if you sell the product, you must provide the buyer with a copy of your original invoice so that they, in turn, may be able to submit this should a warranty claim be required.

## **Warranty Limitations:**

As with all typical warranties, only manufacturing defects are covered. Furthermore, parts that are subject to wear and tear are not covered under this warranty. This, however, does not mean that these will not be repaired or replaced free of charge. We pride ourselves in supporting the products we sell and will often exchange these parts free of charge pending the age of the device. This decision will be undertaken by WANDERER and in no way obliges the company to perform such tasks.
